HSE Chemicals Regulation Division (CRD)

HSE publishes report on the monitoring and control of PPPs in the UK in 2024

The report describes the official controls carried out in 2024 by HSE, and by other enforcing authorities.

In line with our obligations under Article 68 of the placing of PPPs on the market Assimilated

Regulation 1107/2009 & Regulation (EC) No 1107/2009, HSE has published a report on the monitoring and control of PPPs in the UK in 2024.

Official controls are carried out to check compliance with the requirements for placing on the market and use of PPPs and the sustainable use of pesticides.

Further details on the report can be found by accessing the webpage

Applications sift for PPPs: Holiday period 2025/26

In line with arrangements used in previous years for the applications sift for PPPs, HSE will use the following arrangements over the Christmas and New Year holiday period for 2025 to 2026.

HSE will continue to receive electronic applications over the holiday period and normal sift closure dates will be applied as detailed below.

Applications accepted for further evaluation following these sifts will be given acceptance and target dates according to the relevant sift date as shown.

Please be aware, letters notifying applicants of acceptance or rejection of their applications from sift of 16 December will be sent prior to Christmas. However, those from sifts of 23 and 30 December will not be sent until after completion of the sift of 6 January 2026.

Sift of 16 December 2025

- sift closure date Tuesday 9 December 2025 at 6pm
- applications accepted following this sift will have a target date calculated from 16 December 2025

Sift of 23 December 2025

- sift closure date Tuesday 16 December 2025 at 6pm
- applications accepted following this sift will have a target date calculated from 23 December 2025

Sift of 30 December 2025

- sift closure date Tuesday 23 December 2025 at 6pm
- applications accepted at this sift will have a target calculated from 30 December 2025

Sift of 6 January 2026

- sift closure date Tuesday 30 December 2025 at 6pm
- applications accepted at this sift will have a target calculated from 6 January 2026

Please note:

- applications to be submitted via email to pppapplications@hse.gov.uk
- HSE cannot accept Application submissions made via USB sticks and CD's
- applications that are too large to be sent by email should be submitted via Citrix ShareFile any requests for upload links to ShareFile should be sent to pppapplications@hse.gov.uk

Drones and aerial application guidance is changing in GB

HSE has updated its guidance on the arrangements for securing a permit to aerially apply pesticides including the use of drones.

HSE's website has been updated to better inform applicants of the procedures in place to obtain the necessary permits required by law to allow the application of PPPs by drone.

Key updates include:

- *clearer guidance on how to apply for an extrapolated trials permit and the processes and procedures involved*
- *guidance on applying for an aerial application permit is also provided, indicating clearly the information required by HSE to process the application successfully*
- *reference is made to the need for drone operators to seek authorisation to fly from the Civil Aviation Authority*

[Read the updated guidance on our website](#)
